Why you need Shivika Cosmeceuticals India Pvt. Ltd. as a contract Skin Care, Body Care, Hair Care, Sun Care, Baby Care & Hygiene Care manufacturer:

1. Take the stress off of your shoulders :

We specialize in private label manufacturing, so we are equipped with a large manufacturing space, innovative machinery and efficient tools to create your perfect formula and packaging. Outsourcing your skincare, body care and hair care product range to us will allow you to spend more time focusing on other important aspects of your business.

2. What we do? Trusted contract manufacturing process :

We develop product that matches to our customer's brand identity as much possible as we can. Therefore, we require you to fill out our product develop form when it comes to create your own unique product with us.

Our R&D team will start sampling your product after we receive the form. Normally this step takes about 5-10 business days to complete. Our company allows you to revise the sample for twice without charging any cost.

After you are satisfied with our sample, it is the time to pick your ideal container that fill in your product. You can either choose from our existing jars, bottles and tubes or ask us to help you source your ideal style. Please be aware that the MOQ for different container varies from style to style.

Finally, we need you to submit your printing artwork for the label or the container. Our design team can assist with this step if you need us to help with the artwork. After you approve the artwork, we will move your order into our production line.
